

Manufacturer: _____

apply to RISE Research Institute of Sweden AB with notified body No. 0402 of assessment and verification of constancy of performance (certification), according *Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR)*, regarding:

Product: _____

Standard/Specification (hEN)/EAD/ETAG/ETA: _____

New certification Revision/renewal of certificate: _____

Language of certificate: Swedish English Other: _____

- Regarding system 1+ (according to annex V part 1.1 of CPR)
The notified product certification body (RISE) shall decide on the issuing, restriction, suspension or withdrawal of the certificate of constancy of performance of the construction product on the basis of the outcome of the following assessments and verifications carried out by that body:
- An assessment of the performance of the construction product carried out on the basis of testing (including sampling), calculation, tabulated values or descriptive documentation of the product.
 - Initial inspection of the manufacturing plant and of factory production control.
 - Continuing surveillance, assessment and evaluation of factory production control.
 - Audit — testing of samples taken by the notified product certification body at the manufacturing plant or at the manufacturer's storage facilities.
- Regarding system 1 (according to annex V part 1.2 of CPR)
The notified product certification body (RISE) shall decide on the issuing, restriction, suspension or withdrawal of the certificate of constancy of performance of the construction product on the basis of the outcome of the following assessments and verifications carried out by that body:
- An assessment of the performance of the construction product carried out on the basis of testing (including sampling), calculation, tabulated values or descriptive documentation of the product.
 - Initial inspection of the manufacturing plant and of factory production control.
 - Continuing surveillance, assessment and evaluation of factory production control.
- Regarding system 2+ (according to annex V part 1.3 of CPR)
The notified product certification body (RISE) shall decide on the issuing, restriction, suspension or withdrawal of the certificate of constancy of performance of the construction product on the basis of the outcome of the following assessments and verifications carried out by that body:
- Initial inspection of the manufacturing plant and of factory production control.
 - Continuing surveillance, assessment and evaluation of factory production control.
