# Application for Conformity Assessment for a part of a weighing instrument in accordance with WELMEC Guide 8.8

**The applicant, in accordance with Welmec 8.8, hereby confirms that:**

- together with the application, the producer provides the technical documentation in line with article 10 of the MID (valid also for NAWI products);
- he is aware of that the technical documentation, the PER or ER shall be sent by the Notified Body to the market surveillance authorities of the member states if they request for it in respect to Article 19 of the EC Regulation 765/2008;
- he may need to provide the manufacturer of measuring instruments, to whom he has given permission to use its part, with the necessary individual technical data for the compatibility with other parts, interfaces and sub-assemblies as foreseen in the relevant OIML recommendations, harmonised standards, normative documents, WELMEC guides and/or the compatibility sheets;
- he shall ensure that each individual part he provides with reference to the PC or EC is in conformity with the type/pattern that was evaluated and certified;
- he shall inform the Notified Body, which has issued the EC or PC, of any modification that may affect the conformity of the part or the conditions of validity of the EC or PC, so that an evaluation of the modified part can be performed. This evaluation may result in a revision of the PC or EC being issued. The producer shall inform the manufacturers using the part of the modification;
- he cannot affix the supplementary metrology marking and Notified Body number according to MID or NAWI on the part, and he cannot provide or make any general statement of conformity to the MID or NAWI based on the PC or EC issued by the Notified Body. However there is no objection to putting the EC or PC number on the part.

**The applicant also confirms that:**

- that he agrees to fulfil the requirements for certification, as given in *Regulations for certification of products, CR000*
- that SP is allowed to publish official lists of issued EC/PCs including a copy of the certificate.
- that the standard EN 45501:2015 has been adopted at the construction of the weighing instrument.
- that the weighing instrument cannot be disturbed or manipulated via the weighing instruments interface (point 5.3.6 in EN 45501:2015).
